Our McKendree

A College 'mid plains is standing, standing there from olden days,
The Pioneer of the prairies, first in untrodden ways,
For service and Christian culture, for efficiency she stands,
Her sons and daughters praise her, with voices, hearts and hands.

CHORUS:

Hail to thee our dear old McKendree,
May we always loyal be,
It's a song of praise we'll raise to thee,
Alma Mater, dear old M-C,
May we ever own thee true and wise and right,
Honor Purple and the White,
And for victory we'll always fight,
'Till we win for old M-C-K.

Enduring and strong she stands there, stands upon our College Hill,
Though others may outnumber, she holds the first place still,
For beauty and truth and knowledge, and for service without bound,
Then let us raise our voices, until the plains resound.

Chorus:

Classes

Senior Class History

At the beginning of the school year of 1922 a large number of freshmen entered McKendree in the pursuit of a higher education. For three years the Class of '26 has met successfully the sorrows and joys that are a part of a college education. Now, entered upon the fourth and last year of our college life, we begin to realize as never before how much it has meant to us. We have formed many friendships, both among students and professors, which will last through life. Twelve of the original members of the Class of '26 have gone through all four years together which is an unusually large percentage.

Many honors have been bestowed upon members of the Class of '26. During our sophomore year, the office of president of the Student Association was held by one of our members, Robert Stephens. This is an office seldom held by a sophomore. Again in our junior year the same office was bestowed upon another of our members, St. Clair Harris. This year this office was held by Paul Schuwerk the first semester and Walter Bailey the second semester.

The Class of '26 has been well represented in Pi Kappa Delta, the Press Club, Y. M. C. A. and Y. W. C. A. as well as in the literary societies. During our junior year the histronic ability of the members of our class was ably demonstrated in the production of "Clarence." However, our ability lies not only along intellectual, dramatic, and social lines, but along those of athletics as well. We have been well represented in football, basketball, and track.

Looking back upon our four years stay at McKendree, there are few changes we would make in our history as a class were it within our power to do so.

The Junior Hall of Fame

Who's who in Junior Hall of Fame, we will now to you relate,
Before we leave our gayety to the class of '28.

Somewhere in the future, in the journalistic mill,
As a world renowned sport's writer, you will see our Guy Magill.

Lebanon sends out Dorothy Dee to make our class more fair.
A certain diamond tells us she'll be Mrs. "Bob" Adair.

Photography is his business; they say that he's some talker
About his little studio. "Buy pictures from Walker."

She came to us a simple Reed, a sunny voice had she.
Now she sings with Sawyer, a duet for life—"do, mi."

Next comes a Noble one, an ad-man, yes, that's right.
A ready smile, a bachelor; his other name's McKnight.

Swift as wind in basketball; all the rooters thrill.
To see the super-playing of our hero—Mayo Magill.

Little is seen of Harry Brown in the way of outward show.
By kindly deeds and words he impresses us, you know.

Verna Andrews is the queen of intellectual fields.
By innate sweetness and faith her influence she wields.

Evelyn McNeely is a debater with an analytic mind.
Gracious, friendly, patient, yet, she surely is a find.

Her smile is bright, her heart is true, her jest is free from malice
The old home town is proud of her, and so are we—'tis Alice.

All the members of our crew like the pleasant mien
And the sweet spirit of Miss Evelyn McGeehon.

With mind aflame with burning thoughts which issue forth in rhymes,
His gaze is fixed, his jaw is set; 'tis Daniel penning lines.

Do you remember one who from life great joy does sip.
Who has a lovely tenor voice? Of course, you do—'tis Rip.

Our chief editor has an envious line which really can't be beat.
He's gifted with a voice quite rare. We have high hopes for "Peet."

For a quiet willing worker, Ed Hopper has no peers.
A smile for all and everything; the future holds no fears.

Demure as shrinking violets; the library is her home.
By dint of honest labor, we remember Ruth DuComb.

With beaming face and an outstretched hand, he greets both great and small.
For dispelling gloom and sorrow, there's no one like John Hall.

Since music—especially jazz—morbid thoughts does drown.
To be a great musician is the aim of Harold Brown.

Mild in spirit, quiet, demure, in our hearts she leaves
A tender feeling and respect for the name of Jesselyn Grieve.

A rising pedagog we have next to present to you.
Some say that he's a painter, but Grupe says 'tain't true.

Maurice McHenry and Wendel Brown are steadfastly true blue.
They live outside McKendree's Hill. We like their point of view.

A member of the Male Quartette, among singers he's a pearl.
For everyone sure likes to hear the melodious voice of Earl.

Fleming is a minister. Hearts with hope he oft does fill.
While Gardner is a student from the city of Belleville.

He hurls a mighty javelin, king of the spear is Ray.
Good fortune smiles on him for he wins in every fray.

Captain of every sport, his luck will never stop.
He has a variety of names, but he's better known as "Wop."

Who's who in Junior Hall of Fame we have to you revealed.
And now, oh class of '28, our sceptre you may wield.

Fine Arts

Fine Arts

The School of Music offers a four-year course of study leading to the degree of Bachelor of Music. Certificates are also granted in piano, organ, voice, violin, and public school music.

Judging by the increased enrollment in all departments, the past year has been a successful one for the School of Music and Expression. Semi-monthly afternoon recitals, several public recitals, and a faculty recital have been given. A branch studio in piano has been opened in Mascoutah as well as piano and violin studios in O'Fallon.

Students have the opportunity of receiving good training by participating in the Glee Clubs, Band, or Orchestra. An operetta, "The Lass of Limerick Town," was successfully presented in Lebanon by the Glee Clubs under the direction of Miss Pauline Harper. The McKendree Quartette and Glee Clubs presented programs in adjoining towns, including a broadcasting program from St. Louis. Ten recitals in organ and piano were given in various towns of Southern Illinois. "The Taming of the Shrew" was one of several plays given under the direction of Miss Olive Patmore.

Students are fortunate in being able to attend concerts by great artists which are frequently given in St. Louis.

The faculty of the School of Music and Expression consists of the following:

GRANT MCDONALD . . . . . *Director and Dept. of Piano*
PAULINE HARPER . . . . . *Voice*
OLIVE E. PATMORE . . . . . *Expression*
HARRY MUELLER . . . . . *Violin*

Vice-President . . . . . EDWARD FAHNESTOCK
Secretary-Treasurer . . . . . RUSSELL ISOM
Director . . . . . HARRY E. MUELLER

With the major part of its personnel retained from last year and with the addition of several experienced musicians from the present student body, the McKendree Orchestra has this year enjoyed greater popularity than ever.

Many new numbers have been added to the repertoire this season. These, together with the favorites of previous years, proved themselves to be a vital part of chapel programs, recitals, concerts, and social affairs by their enthusiastic reception.

McKendree College Band

HARRY E. MUELLER, *Director.*

The activities of the Band began with the opening of the football season. Appearing at all local games and accompanying the team on some of its trips away from McKendree, it added materially to the enthusiastic spirit so evident during every gridiron battle.

With its members in appropriate uniforms it headed the Home-Coming parade and appeared in concert at various times throughout that day.

A number of other local engagements have proved the Band to be a real live musical organization.

Treble Clef Club

OFFICERS

President	GRACE WILLS
Secretary-Treasurer	HELEN BARLOW
Librarian	VERNA ANDREWS

The Treble Clef Club, under the direction of Miss Pauline Harper, is composed of about twenty members.

The club was organized in the early fall, and work was carried on in the same manner as in a regular class, one credit hour being given each semester.

The Treble Clef Club joined the Men's Glee Club in a rehearsal once a week, and the combined clubs gave several programs during the year. Among these was a broadcasting program from station WSBF in St. Louis. The two clubs also appeared before the public in Lebanon on April 9th when they presented "The Lass of Limerick Town," a light musical comedy.

Men's Glee Club

OFFICERS

President . . . . . EARL HUSSONG
Vice-President . . . . . KENNETH RIPPEL
Secretary-Treasurer . . . . . ROBERT PEACH

The Men's Glee Club, under the direction of Miss Pauline Harper, has enjoyed a very successful season. This year, for the first time, credit has been given for Glee Club work.

Numerous programs, which include the broadcasting from St. Louis, the concert at Madison, Illinois, and the light opera, "The Lass of Limerick Town," have been given in conjunction with the Treble Clef Club.

Prospects for an even better club and a more successful season for next year are very bright.

The McKendree Quartette

The McKendree Male Quartette has now been in tact for three years. During this time it has appeared all over Southern Illinois taking the fame of McKendree wherever it has gone. It has made for itself, in these three years, an enviable reputation as an organization giving high-class and enjoyable entertainments.

The quartette is an ensemble of which the College is justly proud. Each member of the organization has a pleasing, well-trained voice which blends beautifully with those of the others. The members of the quartette are also versatile. Besides being able to do his part in the group, each member is a capable soloist executing with charm the music in his vocal range.

This stellar ensemble has been sent out by the president for two successive summer seasons as an advertising agency for the College. The increased enrollment has been due in part to their efforts.

During the school term, the quartette is in much demand in and out of town. Hundreds of entertainments and formal programs have been given by the quartette since its organization. It has also broadcasted from St. Louis.

The personnel has remained unchanged for three years. The members are as follows: Harold M. Brown, Centralia, Illinois, first tenor; Kenneth C. Rippel, Moberly, Missouri, second tenor; Earl Hussong, Woodriver, Illinois, first bass; and Lewis V. Peterson, Mt. Vernon, second bass.

The Press Club

With the close of the 1925-1926 school year, the McKendree Review, student weekly newspaper of the College, completes its fifth year on the campus. As its slogan, "Devoted to the interests of McKendree College," implies, the Review has for its aim the advancement of McKendree's cause. However, it is a true student publication, and it is permitted to operate with a minimum of faculty supervision.

The McKendree Review is published by the Press Club, an organization whose membership is placed on a competitive basis. Any student is eligible for membership in the club after samples of his work have been submitted and satisfactorily passed upon by the faculty advisor and the editor-in-chief.

To persons interested in journalism as a life profession, the Review offers an excellent opportunity to secure practical experience which will be of value to them in later years. Members of the staff have, in the past, successfully entered the field of journalism after the completion of their college careers.

Miss Zella V. Brown, of the English Department, has, through the past school year, held the office of faculty advisor for the Review. P. E. Schuwerk and St. Clair Harris served as editor and business manager respectively during the 1925-1926 school term. As both of these men graduate with the class of '26, a new editor and a new business manager will be chosen next year.

The office of the Review, which was provided by last year's staff, is located on the first floor of the Chapel Building. The major portion of the publication work is done in this office, and a file, which consists of copies of all numbers of the Review which date back to the founding of the paper, are kept in this place.

A banquet for members of the staff is provided each year and some authority on journalism addresses the staff members at that time. The Review is a member of the Illinois College Press Association and is represented each year at meetings of that organization.

Student subscriptions to the McKendree Review are included in the regular fees paid each semester. In this way every student automatically becomes a subscriber for the paper upon matriculating in the College. Through the columns of the Review, former students as well as other friends of the institution are enabled to keep in touch with "Old McKendree."

The Student Association was organized in 1921. Its purpose is to centralize all student activities: to stimulate enthusiasm in behalf of the College, and to give support to any student or group of students representing the College. Any student who is regularly enrolled automatically becomes a member of the Association.

The Student Association has charge of the chapel exercises each Friday morning. After disposing of any business which concerns the student body, interesting and entertaining programs are provided by individual students or organizations of the College. The Association assists materially in formulating and carrying out the Annual Inter-Scholastic and Home-Coming Day programs.

Philosophian Literary Society

The record established by the Philosophian Literary Society has been an enviable one. The year of her organization, 1837, marks her as the oldest literary society west of the Allegheny Mountains.

Since 1837, she has sent her members into every honorable calling. In politics, religion, teaching, medicine, banking, and law, Philos have always led the way. L. Y. Sherman, Charles S. Deneen, and Frank Hereford, all eminent men, have sat in the Senate of the United States. Great editors from the ranks of the Philo are: John Locke Scripps, a founder of the Chicago Tribune; William E. Hyde, formerly editor of the St. Louis Republic, and Isaac N. Higgins, at one time editor of the San Francisco Morning Call. Judges William M. Farmer, and Charles S. Zane, Philo will always remember with pride.

The purpose of the Society, as stated in the original constitution, was "the mutual improvement of its members in oratorical attainments, and scientific and literary pursuits." In addition to this, Philos have always enjoyed a spirit of good fellowship, fostered by the Society. From the aims above stated, Philo has never drifted.

On College Hill, as well as in the outside world, Philo has achieved her share of honors. In exhibitions, as in the Bryan Essay Contest, she has shown her efficient training. This year, the members have been trying to maintain the high standard that has been developed in the past.

Philo will continue to send out her great men into the walks of life, and her men will always strive to work toward the motto engraved in her star, "Detur Digniori."

The Clionian Literary Society

The fourteen girls who in 1869 founded the Clionian Literary Society, started a work which has proved of inestimable value to the girls of McKendree College. Through these many years Clio has been providing for young women a type of intellectual training which no other college organization offers them.

The purpose of Clio is to give its members literary training of the practical type which every girl needs in this age. It also affords social and moral advantages by bringing the girls of the school closer together and developing in them a spirit of friendliness and cooperation.

Since nearly every girl of the College is a member of Clio, the year 1925-1926 has been a prosperous and active one for the Society.

Regular meetings are held every Friday evening, and once a month occurs the Open Session to which everyone is invited.

On December eleventh, Clio entertained at its annual banquet, one of the important social functions of the year, which is especially enjoyed by the former Clionians who return for that occasion.

At the time of the McKendree Home-Coming, Clio holds her annual reunion where the Clios of today become acquainted with the Clios of yesterday, thus strengthening the ties of sisterhood.

Platonian Literary Society

From a small band of sixteen men, who in 1849 established the Platonian Literary Society, the organization has grown to a large and influential body on and off the campus. As the years have gone by, hundreds of men have passed through the period of training in Plato and have gone out into the world better prepared for life by the practice and training received within her classic walls.

Realizing the value of extra-curricular activities to the development of a foursquare man, men have naturally turned to literary work as the best possible means of development outside of their regular scholastic pursuits. It has ever been the foremost aim of Plato to develop men to the highest plane of literary efficiency.

Perhaps never in the history of the Society has there been a keener interest manifested in the regular Friday meetings than has been shown this year. Here each week men match their wits in heated debates and receive training in parliamentary drill. There is constant practice in the organization and delivery of speeches. Through he medium of impromptu speeches men learn to think quickly and to make use of their general fund of information.

In order that the members may not become too serious, an element of humor is frequently introduced to add spice to the meetings.

Side by side with the literary work, Platonians have developed the spirit of fraternity. The aim is to make the Society something more than a Friday night meeting. The members are active throughout the week, taking prominent parts in all student activities and constantly striving for a bigger and better Plato.

The Illinois Theta Chapter of Pi Kappa Delta, national honorary forensic society, was established at McKendree College in the spring of 1924 with ten members.

Pi Kappa Delta has 112 chapters in the United States, and students winning forensic honors at McKendree College are thus given national recognition. Membership in the organization is open to those who have represented their college in a recognized intercollegiate oratorical contest or debate.

The Southern Illinois-Southeast Missouri Oratorical Association, organized in 1925 under the direction of the Illinois Theta Chapter, met again at McKendree College, where six colleges were represented. Two classes, one for men and one for women, were held in the contest which took place in the afternoon and evening of April 16,1926. Each college sent representatives to the contest in oratory and extemporaneous speaking.

In December, 1925, McKendree added distinction to her forensic activities by gaining admission to the State Oratorical Association.

In debates the women's teams met teams from Greenville and Shurtleff. The men's teams likewise debated teams from these colleges. The men's negative team also met a team from the State Teachers' College of Cape Girardeau, Missouri, and the men's affirmative team met the negative team of St. Louis University. The question used by both men and women was the Pi Kappa Delta debate question: "Resolved, that the United States Constitution should be amended to give Congress power to regulate Child Labor."

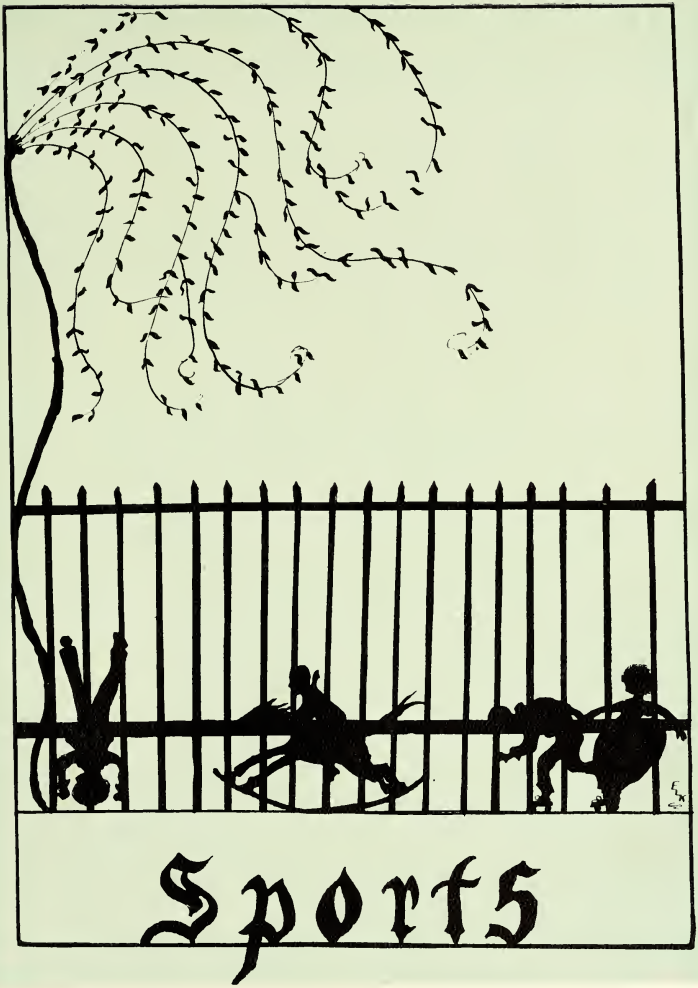
The members of the Young Women's Christian Association, one of the active religious organizations on the campus, strive to live unreservedly Jesus' Law of Love.

Helpful and inspiring devotional meetings are conducted every Wednesday evening by the women of the faculty and of the student body.

Representatives are sent each year to the State and Geneva Conferences to increase their knowledge of the great work of the Association and to learn better methods of carrying on the work of the local organization.



Sports

The Coaching Staff

Coach Glenn F. Filley in his first year as mentor of the Purple athletics has won the respect and confidence of the entire student body and the friends of the College.

During his four years as a student at Missouri Wesleyan, he played under the direction of Earl A. Davis, whom he succeeded as coach of the Bear Cats a year ago. While in school at Wesleyan, Coach Filley was chosen captain of the All-Conference football team, and also captain of the Varsity track and basketball teams. He coached high school athletics two years at Grand Island, Nebraska, and last year his track team won the state championship.

All through the past season, purple teams have ranked high in the Conference and have attained their positions under the direction of our coach who takes a firm stand for clean play and clean athletics. He gets the most from his teams, also.

Much of the success of the season is due to the work of John Rogers, who has been assistant coach. "Jack" has played the game and can tell others how to play it. We are afraid we will lose him next year, but we are sure that some team will profit by his coaching.

Football Summary

At the opening of college last fall, Coach Filley found that only seven letter men had returned to school. However, the squad settled down to hard work and, as the time for the first game drew near, the prospects at the McKendree camp became brighter.

The first game of the season was with the strong Knox College eleven who had been runners-up to the Bear Cats in the conference race the previous year. The Siwash handed the Purple their first and only conference defeat in two years. Although this defeat cost McKendree the title, it served to put the team in a fighting spirit and no other team in the "Little Nineteen" scored against them during the remainder of the season.

The next two games were with non-conference teams and, although both were lost, the team displayed a more consistent attack and a stronger defense than before. The Rolla School of Mines, represented by one of the strongest teams ever turned out at that school, showed a powerful scoring machine and won a decisive victory.

The following week the Springfield Teachers won a hard game from the Filley-men at Springfield. The Teachers led 7-0 at the end of the third period, then, by taking advantage of the breaks of the game, raised the final score to 19-0.

Lincoln College was the first conference foe to fall before the Bear Cats. The Filley-men scored four touchdowns and three tries-for-point to score a 27-0 victory, thus starting the drive which gave them fourth place in the final standings.

The gridiron opponent for the Third Annual Home-Coming was the Macomb Normal team. Early in the game the Purple scored on a 60-yard return of a punt. Macomb had plenty of fight and "pep," but the Bear Cats played their best game of the season up to that time, scoring 21 points, while they held the Teachers scoreless.

Shurtleff College, as was expected had a fast team which offered strong competition at all times. The game was played

in a sea of mud, and, after taking a 13-0 lead at the half, McKendree was content to play safe and hold their lead.

Coach Omer's eleven from Carthage played the last home game of the season which proved a fitting climax. The Purple were striving to keep their record of no defeats in three years on Hupes' Field intact. The "fighting spirit" and speed of the Bear Cats proved to balance the weight of the Carthage squad and until the closing minutes of the game the score was deadlocked, 0-0. A drop kick from the 30-yard line in the last two minutes gave McKendree a well-earned victory, 3-0.

The final conference tilt of the season was played at Carbondale with the S. I. N. U. team. Injuries received in the Carthage game weakened the locals and only after a hard fought game were the Teachers beaten 6-0. This game was the fifth straight conference victory for the Bear Cats, during which time they made seventy points while they held their opponents scoreless.

On Turkey-day the Filley-men journeyed by Fords to Cape Girardeau where they battled to a scoreless tie in a driving rain. Many times the Missourians were forced back and it seemed that the Bear Cats would score, but the wet ball invariably caused a fumble. The final whistle found the ball in the middle of the field.

Since only two of the men receiving letters this year will be lost through graduation, the prospects for a second conference championship next year are bright. With the aid of the veterans who will return to college next fall and a number of freshmen to choose from, Coach Filley will have another formidable aggregation out scrambling with the other members of the conference for the peak of the final standing.

LLOYD PETTIT, *"Speed"*—Captain
PATTONSBURG, MO.

Lloyd "Speed" Pettit, captain of the 1925 Bear Cat gridiron team, will be lost through graduation this year. "Speed" played tackle on the Purple line for three years and won three letters from McKendree.

JOHN ISOM, *"Wop"*—Captain-Elect.
CHRISTOPHER, ILL.

Isom, captain-elect, is another three-letter man in football. His play at halfback during the time he has been in school has been one of the features of the games. He is a natural player and will be an ideal captain for next season.

RAPHAEL CARTER, *"Ray"*
CARTERVILLE, ILL.

"Ray," one of the two players to be lost this year, has won football letters the three years he has been on College Hill. The center position was always well handled when Carter was in the game and he will be missed from the 1926 eleven.

JOSEPH GUANDOLO, *"Joe"*
CONWAY, PENN.

Although only a sophomore, "Joe" made his second varsity letter this year. In all of the games he did star playing at end both on defense and offense.

ERLE TODD, *"Toddy"*
CONWAY, PENN.

Todd played quarter for the second consecutive year and is a two-letter man who has two more years to play for McKendree.

M. B. GASKINS, *"Mose"*
HARRISBURG, ILL.

"Mose," in his first year of football at McKendree, played a clean, hard game at tackle. He should develop into a real star.

DELBERT LACQUEMENT, *"Lacky"*
COLLINSVILLE, ILL.

Lacquement, by his determination and hard tackling developed into a star this year. He has been in school two years and has gained the coveted "M" twice. He plays guard.

EARL COEN, *"Barney"*
OLNEY, ILL.

"Barney," also a two-letter man, played halfback. He was always able and ready to add a few yards when called upon.

ROBERT MINTON, *"Bevo"*
MURPHYSBORO, ILL.

"Bob" won his second letter this year and will be back in school another year to play the game. He was a consistent player at tackle and could always be depended upon to stop an offense or help in starting an attack.

JOSEPH WILLIAMS, *"Pokey"*
POCAHONTAS, ILL.

"Pokey," a sophomore, earned his first varsity letter this year. He played in the guard position and was like a "stone wall."

WILLIAM SMITH, *"Bill"*
WHITE HALL, ILL.

"Bill's" punts were always good for a gain and he played a strong game at fullback. He is a member of the class of '28 and has two service stripes to his credit.

STEPHEN KOLESA, *"Steve"*
EDWARDSVILLE, ILL.

"Steve" was a speed demon on the field and, although only a freshman, he played halfback and won his letter.

CLIFTON GOULD, *"Hurley"*
MT. CARMEL, ILL.

"Hurley" was a good mate for Guandola for these two were always in the game, giving the best they had. Gould is a two-letter man and has two more years on the Bear Cat eleven.

RAY GOODE, *"Ray"*
WHITE HALL, ILL.

"A hard fighter all the time" will characterize Goode's playing at guard. Ray, who has already made two letters, has one more year to play.

Basketball Summary

With four letter men back from last year's championship basketball squad around which to build a team, Coach Filley placed a fast combination on the floor. Of the sixteen games played during the season, ten were victories for McKendree. Eight of the contests scheduled were with conference teams and five of these games were annexed by the local quintet.

The first game of the season was with the team from Scott Field. The aviators failed to be a serious threat at any time during the game. The Purple mentor used three different teams in the contest and tried out several combinations.

Concordia Seminary was the next opponent and, due to the fact that several of our basketball men were out for football and not accustomed to the floor, the Lutherans nosed out a 35-30 victory. The Bear Cats were doped to be easy victims, but they soon found their stride and forced the game along at top speed. Three times during the closing minutes of the game the score was tied, but several long shots gave Concordia the heavy end of the score.

McKendree defeated the First M. E. Church team of Belleville in a listless game the next week. Coach Filley sent fourteen players into the game so that he might get some idea of the combination to be used in the conference games.

The Rolla Miners were the next victims of the Bear Cats when McKendree played there the first of a four-game series in Missouri. The Miners played a hard and fast game and were leading 15-14 in the half. McKendree opened with a burst of speed during the last half taking a lead which held their opponents for a 26-21 victory.

The following night the Bear Cats played the first of two games with the Springfield Teachers. Both teams played stellar ball with the lead changing hands often. In the last half Magill who had been scoring heavily was disqualified, and the Teachers ran wild during the last few minutes to a lead of 43-22 at the end of the game. The second game was dropped to Springfield on the following night by the score of 25-22.

An even break on the trip was made when Drury was trounced by the Filley-men 45-21. This game was not as hard

as was expected because of the failure of Drury to break through the Purple defense.

The Lincoln College team was the first conference foe of the Bear Cats, and suffered one of the three reverses they met during the season. Although five reserves went into the game during the last few minutes, Lincoln failed to gain on them. The final result was in favor of McKendree.

The game with Shurtleff on the local floor was annexed by the Purple quintet with little trouble. The following week McKendree went to Shurtleff and won the second game from the Pioneers by the score of 29-16. These two victories gave the Bear Cats a good chance for the championship of Southern Illinois which they eventually won. Brown's speed and basket-shooting were strong factors in both of these triumphs.

A three-game invasion up-state found the Bear Cats in a basket-shooting slump and, although they out-played their opponents, they lost all three games. The first game of the trip was dropped to Lincoln. The Railsplitters featured with long shots, and, when the final whistle blew, the Purple were forced to accept defeat.

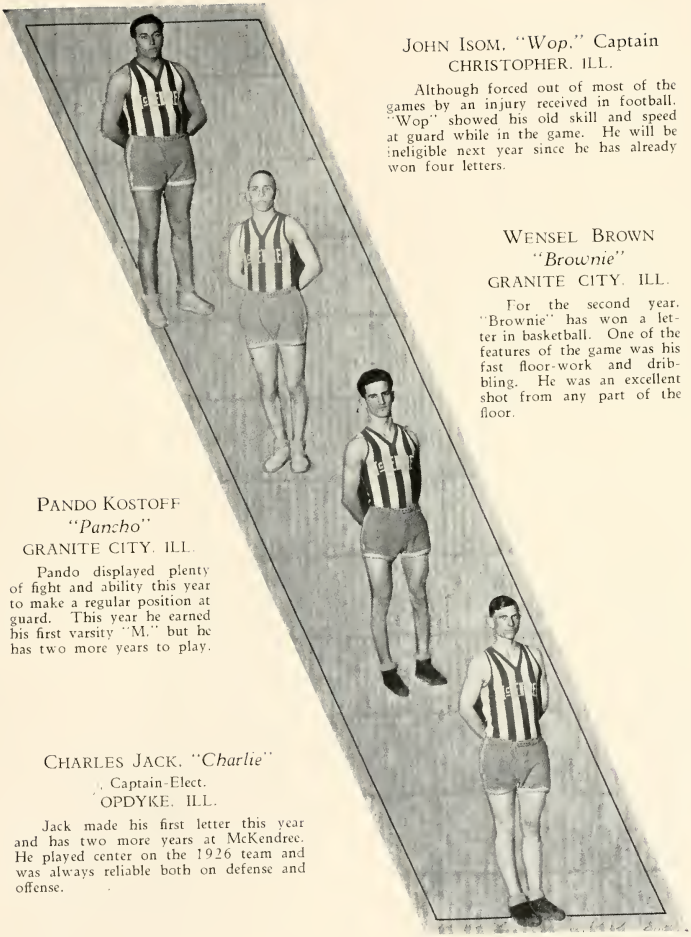
On the night following the defeat at Lincoln, Macomb nosed out a close victory over Coach Filley's squad. This game was hard fought and neither team had a safe lead at any time. Jack played a brilliant game and led his team in scoring. The final result was 20-16 in favor of Macomb.

After out-playing Carthage during the early part of the game, the Purple five lost, 30-29. The local team had a twelve-point lead at the half, but the "jinx" would not let them win on the road trip.

The losing streak was broken after a thrilling contest with S. I. N. U. It was any one's game until the last play when McKendree held to a 26-24 lead.

Rolla found Carter and Kostoff too willing to break up an attack when the two teams met the second time, and the Purple administered them a set back of 33-10.

The final game of the season was with Carbondale. By winning it, McKendree won the Southern Illinois title. The Teachers proved more invincible than had been expected and only after a hard struggle were the Bear Cats victors by a 23-17 score.



JOHN ISOM, *"Wop,"* Captain
CHRISTOPHER, ILL.

Although forced out of most of the games by an injury received in football, "Wop" showed his old skill and speed at guard while in the game. He will be ineligible next year since he has already won four letters.

WENSEL BROWN
"Brownie"
GRANITE CITY, ILL.

For the second year, "Brownie" has won a letter in basketball. One of the features of the game was his fast floor-work and dribbling. He was an excellent shot from any part of the floor.

PANDO KOSTOFF
"Pancho"
GRANITE CITY, ILL.

Pando displayed plenty of fight and ability this year to make a regular position at guard. This year he earned his first varsity "M," but he has two more years to play.

CHARLES JACK, *"Charlie"*
Captain-Elect.
OPDYKE, ILL.

Jack made his first letter this year and has two more years at McKendree. He played center on the 1926 team and was always reliable both on defense and offense.

RAPHAEL CARTER, *"Ray"*
CARTERVILLE, ILL.

"Ray" has played guard on the Bear Cat five for three years. He will graduate this spring. His work on the floor has been consistent and dependable.

MAYO MAGILL
"Mac"
GREENVILLE, ILL.

"Mac" is a junior and a three-letter man in basketball. His speed and his accurate eye for the basket won for him the place of high-point man of the season.

CLIFTON GOULD
"Hurley"
MT. CARMEL, ILL.

"Hurley" played a fast floor game and was good for points at a critical time. This was his first year to receive a basketball letter.

LLOYD PETTIT, *"Speed"*
PATTONSBURG, MO.

"Speed" is a senior this year. His position was at center where he played a steady, hard game. This was his first "M" received on the basketball floor.

Track

Review for 1925

Only two dual meets were scheduled for the track squad last year and both proved to be victories for the Bear Cats. A dual meet was held with Shurtleff, and the local team piled up 91½ points to 38½ for the Pioneers.

The second dual meet was with Ewing College where first honors were annexed by the Purple.

In the state meet at Galesburg, Goode broke his own record in the javelin and placed second in the discus throwing. He also carried off second honors with the javelin at the Drake Relays and third at the National Meet in Chicago.

Other events at the state meets in which McKendree placed near the top were the pole vault, relay, and 100-yard dash.

With seven letter men from last year's track squad again in college a successful season is expected during the 1926 season.

Baseball Summary

For the first time in three years McKendree College had a baseball team last season. Prospects seemed good at first, but a rather disastrous season resulted. Although only one game was captured by the Purple baseball team and seven were lost, the members of the squad had the pep and dash which gave their opponents no rest.

A team is being organized at the present time and games are being booked with nearby schools. At present games are scheduled with Eden and Concordia Seminaries.

The Eighth Annual Interscholastic

Six records were broken in the track and field events of the Eighth Annual Interscholastic, which was held at McKendree on May 2, 1925. This is one fact which points to the ever increasing success of this annual event.

Competition for the highest honors among the thirty-six high schools of Southern Illinois that were present was very keen. In the track meet Eldorado led victoriously with twenty-four and one-half points, nosing out Staunton by the bare margin of one-half point. Mt. Carmel obtained third place with a total of thirteen and one-half points. Eldorado also won the mile relay in the record-breaking time of three minutes, thirty-six and four-fifths seconds.

The following is a list of the events with the winners of each:

Shot-put: Breidenstein, Eldorado—47 feet 7 inches.

220-yard low hurdle: Votaw, Mt. Carmel—27.4 seconds.

Broad jump: H. Murphy, Eldorado-Votaw, Mt. Carmel—22 feet 3¾ inches.

Mile run: Church, Lebanon—4 minutes 50.2 seconds.

Discus: Arniciar, Staunton—126 feet 10 inches.

Pole Vault: Aue, Staunton—11 feet.

Javelin: Tison, Eldorado—160 feet 8 inches.

440-yard run: First race, Wilson, Staunton; second race, Lichenfeld, Centralia—54.6 seconds.

High jump: Skinner, Carlinville—5 feet 9 inches.

100-yard dash: Harris, East St. Louis—10.1 seconds.

880-yard run: First race, Lording, Chester—2 minutes 10.2 seconds. Second race, Lomelino, Modesto—2 minutes 7.3 seconds.

220-yard dash: Harris, East St. Louis—23 seconds.

In the straight sets of the tennis tournament, Centralia won from Granite City in the finals, and Mascoutah defeated East St. Louis in the singles.

Centralia also won the intellectual meet of the Interscholastic with eighteen points while O'Fallon and Eldorado tied for second and third places with six points each.

The ninth McKendree Interscholastic will be held Saturday, May 1, 1926.

Features

Last Will and Testament of the Class of '26

We, the Senior Class of 1926, being in our safe, sane, and sound minds do hereby draw up our last will and testament.

To the Juniors we bequeath our recipe, "How to become a successful senior:" to the Sophomores the art of handshaking; and to the Freshmen the ability to act dignified when occasion demands.

The individual members of the Class of 1926, in order to promote happiness and the general welfare, do hereby make the following personal bequests:

Robert Adair, his argumentative disposition to John Hall. To him who hath, more shall be given.

Walter Bailey, his executive ability to Jack Jasper that his dignified appearance may have something to back it up.

Ray Carter, his athletic ability to Roscoe Hollis, who at present is high-point man as a Beau Brummel.

George Darrow, his ability to sleep in class to Kenneth Rippel—anything to keep him out of mischief and thus bring relief to long suffering professors.

St. Clair Harris, the assistant professorship in Science to "Wop" Isom.

Percy Hill, his reputation as a gay Lothario to Daniel Gerlach, the poet laureate of McKendree.

Wilburn Mowe, his ability as a chauffeur to "Peet" Peterson. It will be useful in contending with "Lena."

Harry Mueller, his artistic tendencies to John Oster.

"Speed" Pettit, his avoirdupois to Frank White, the human exponent of a straight line—occupying little or no space.

John Rogers, his dimples to Edna Lynch.

William Sawyer, his talent as an actor to Todd, the Apollo of the campus.

Paul Schuwerk, his wonderful "line" to Sam Kotelly, who can develop it in several languages.

Kenneth Waggoner, his intellectual appearance to Jack Haskins.

Edmund Wahl, his permanent wave to Edna Kinsey.

James Walker, his ability as a clear thinker to Brigham Young.

Emma Bergman, her studiousness to "Mose" Gaskins, who has time for everything but study.

Barbara Crabbs, her solemn disposition to Alma Buess, who is often inclined toward undue levity.

Christine Karnes, her coquettishness to Jesselyn Grieves.

Thelma Morgan, her chief outside activity, "Poky," to anyone who will promise to cherish him tenderly.

Opal Smith, her ability as a vamp to Ruth DuComb.

NOVEMBER 16. The cat is out of the bag. "Cy" and Minnie announce their marriage.

NOVEMBER 17. "Fat" Jasper thinks that pauses grow on cats.

NOVEMBER 18. Edna Kinsey proposes to Rowell and gets turned down. Oh, Listerine, where is thy victory?

NOVEMBER 19. Let's sing that pretty little thing, 'La Valliere from Woolsworth! Next, "The Refrain from Spitting." B. C. Boys in Chapel.

NOVEMBER 21. We meet the enemy and they are ours. McK., 6—S. I. N. U., 0.

NOVEMBER 22. Rumors of a vacation. Hopeful students pack their bags.

NOVEMBER 24. Daniel asks Tillie for a date. "I'm sorry Daniel, but—"

NOVEMBER 25. The faculty remember that they were young once. Tell mother we'll be there and have the turkey rare.

NOVEMBER 30. Freshman "Prexy" lodged in jail for a golden hour. Question: Where was the freshman party?

DECEMBER 1. Just fifteen more days and we won't be here.

DECEMBER 2. "Business" Haines, owing to rush of affairs, has only 22½ seconds to spend eating dinner.

DECEMBER 3. Prospective debaters work feverishly on manuscripts.

DECEMBER 4. "I look at my watch because I have it with me."—Dr. George L. Nucholls of Denver, Colo.

DECEMBER 5. Are there any books on etiquette in the library?

DECEMBER 6. Is that Mayo? One wouldn't have known him. Where did you go? What did you have to eat?

DECEMBER 7. Everyone votes for the World Court.

DECEMBER 8. Oh, judges, we're here! "Viv" shuffles her cards and wins.

DECEMBER 9. All the candy is gone, but see the Japanese booth. What pretty rooms you girls have! Are they always this clean? How remarkable!

DECEMBER 10. Who are you taking to the banquet? Mean old appendicitis to make our Julia suffer.

DECEMBER 11. Ed, where did you get that beautiful black eye? Journalists visit the Post-Dispatch. Coach Filley interviews a speed cop.

DECEMBER 12. The banquet is on. Please do be formal.

DECEMBER 13. "Viv" holds an etiquette meeting.

DECEMBER 14. Time tables are religiously studied.

DECEMBER 16. Have a good time. Be sure to write. Vacation!

JANUARY 5. Tillie thinks Mickey isn't as practical as Wilson. One can't use a manicure set to shield one from the rain or sun, can one?

JANUARY 6. The boy friend back home receives fat letters from the girl who left him there.

Senior Class and Faculty of 1876

McKendree in 1876 was far different from the college we now know. There were two hundred and twenty-five students in attendance, but only one hundred and twenty-six were college students. The rest were academic pupils. The students lived in private homes and bought their own wood for fire. They also had to purchase oil for their lamps. The expenses for one year, at that time, amounted to about $280—a high price for that time.

Of the class of fifty years ago, nine were graduated from the scientific course. At that time the college offered but two curriculas—the classical and the scientific. The Greek motto of the class is indicative of their age. Translated it means "Everything for God."

Intra-Mural Athletics

The basketball class tournament each year is the feature of the contests between the different class teams. The games this year were close and drew large crowds. For the third consecutive year the Class of '27 won the tournament when they nosed out the Sophomores by one point.

The schedule played during the tournament and the scores are:

Freshmen	14	Sophomores	30
Juniors	39	Seniors	17
Sophomores	44	Seniors	15
Juniors	25	Freshmen	19
Seniors	15	Freshmen	19
Juniors	14	Sophomores	13

A scrub tournament composed of eight teams from the student body was also held. This was won by the "Tom Cats," a team composed of Lebanon students.

The tug-o-war between freshmen and upper-classmen proved to be a decided upset. The upper-classmen were strong favorites to pull the "Freshies" through the pond, but as they were exulting in their apparent victory—something happened and the one hundred and first class dragged the upper-classmen through the pond.

Before the end of the year a number of other intra-mural sport events will take place. Among these are the Athletic Carnival, an inter-class track meet, and probably a tennis tournament.

McKendree College

McKendree College was founded in 1828. It is the oldest college with a record of continuous operation west of the Alleghany Mountains. During the Civil War many colleges were forced to close, but McKendree not only served the educational need but also had a regiment in the Northern Army known as the McKendree Regiment.

The present campus consists of twenty acres. Thirty-nine different varieties of trees, some of which are a part of the original forest, offer shade and add to the natural beauty of the place. The College is located in the highest part of Lebanon.

There are nine buildings on the campus. Views of six of these buildings are given in the front portion of this annual. Through the generosity of the late Dr. Benjamin Hypes of St. Louis, McKendree has an enclosed athletic field which includes a two hundred and twenty yard straight-a-way, a quarter-mile cinder track, a baseball diamond, and a football gridiron.

McKendree confers the degrees of A. B. and B. S. in scholastic work. In conjunction with the college is a splendid Musical Conservatory which confers degrees in either musical theory or public school music. There are four-year courses given in piano, voice, and organ music.

The student activities are numerous and varied. There are literary societies for both men and women. The student body is organized and regulates, in the main, the activities of the student body. This organization meets every Friday morning. There are social fraternities and other organizations which offer a student nearly all the forms of activity which he may desire.

At the next meeting of the North Central Association it is expected that McKendree will be admitted into full membership. This year graduates are to be given North Central standing. McKendree is a "B" class college, but the entrance of McKendree into this Association will give her graduates a standing which has long been desired.

Sue Berryman—Are you a track man?

"Peet"—Ye gods, woman, you should see the callouses on my chest from breaking tapes.

"I wouldn't mind going to the dogs," said Darrow, "if I could pick out a place where the rum hounds go."

Paul H.—I wish I could revise the alphabet.

Margaret T.—Why?

Paul H.—I'd put U and I closer together.

"Never mind," said Sam, who had just broken his left arm, "I still have the right to love you."

"He was only a tailor," said Laura, "but he suited me."

Edna Kinsey—We're going to have milk for lunch.
Marion Kirkbride—Oh, cow!

Dorothy Harbon—What are you writing?
Dorothy Dee—A joke.
Dorothy Harmon—Well, give him my regards.

Mr. Dunn—Can any person in this class tell me what steel wool is?
Ed. Kolb—Sure, steel wool is shearings from hydraulic rams.

Mr. Bailey—Mr. Schuette, you rise to majestic heights in your theme.
Schuette—Why?
Mr. Bailey—Quite a tall bluff.

He was in the Confederate Army but he wore a union suit.

Lebanon, Illinois

Lebanon, Illinois

Lebanon is located in St. Clair County, twenty-two miles east of St. Louis, Missouri, on the main line of the Baltimore and Ohio Railway, on a branch of the East St. Louis and Suburban (electric) Railway, and on State Highway No. 12.

The business consists of a large and successful mill, coal mines, cigar factories, and a beverage factory. The town is surrounded by a rich, active agricultural region.

The educational facilities are unusual. They consist of, besides an elementary school, a new community high school, McKendree College, and the Conservatory of Music.

There are numerous churches having good buildings and displaying an excellent spirit for the good of the community.

The town has electricity, an efficient fire department, many blocks of good pavement, and a new water works system.

Lebanon, with its elevated, healthful situation, natural beauty, religious and educational advantages, good community spirit, and excellent business relations as evinced by the Rotary Club, is the ideal city for your home.

Carrothers—Why did you rent a garage for your flivver?

Hopper—Caught a couple of ants trying to drag it through a crack in the sidewalk.

Sample English theme—"When wound up, you will not have to bother with it for a week. This helps to save time which you can use by freeing you from daily winding. You can also save time by hanging up in the morning your clothes when you get up where they will be handy the night before.

Master and Servant

College men are the future leaders of their communities; for as citizens—professional or business men—they are trained to master those problems so vital to community development.

The Public Utility has been the servant of the community in the past, and so it will be in the future—a good, reliable servant, well worthy the patronage and commendation of its master—the public.

That Prof. Large get married.

That "Herb" Richards take yeast to rise in the world.

That Platonians forget "I will paint for you a picture."

That the debaters be ostracised.

That Clionians learn a new pet phrase instead of copying Bishop McKendree—"All is well."

That elephants roost in trees.

That Harry Mueller get a hair-cut.

That the duty on putty be lowered.

That classes be abolished.

That the faculty resign.

That "Bobby" Sorrells has been around lots, but they were cow lots.

That Grace Wills is like a third rail. She can't be touched.

That every caveman isn't a miner.

That Erle Todd be admitted to the Hall of Fame. He stayed up all night to study for an eleven o'clock exam and then was too sleepy to take it.

That "Dan" Gerlach write a new song entitled "The Tie that Blinds."

Gerlach—I want the heel.

Rip—That's the old McKendree spirit. Got a lot of crust.

"I have everything coming to me," said Rippel as the head of the table passed the hash.

John H.—Helen told me I was the answer to the maiden's prayer.

Brig. Y.—She didn't ask for much.

"I must have the brakes tightened," remarked "Bill" Sawyer as he hit a flying train. "Some day I'll have an accident.

Mary Adams—Sh! I hear footsteps.

Vernal H.—Oh, that's all right. That's just me coming to a decision.
